1 35 upon the establishment of a renewable fuel infrastructure fund
2 1 as enacted in 2006 Iowa Acts, House File 2735.
2 2 EXPLANATION
2 3 This bill is related to H.F. 2735, which is pending in the
2 4 general assembly, providing for the formulation of motor fuel
2 5 by providing for renewable fuel, including ethanol blended
2 6 fuel and biodiesel blended fuel. Part of that bill
2 7 establishes a renewable fuel infrastructure fund. The fund is
2 8 under the control of the department of natural resources to be
2 9 allocated between supporting infrastructure relating to the
2 10 storage and dispensing of E=85 gasoline at service stations
2 11 and biodiesel at terminals. The purpose of the renewable fuel
2 12 infrastructure program for service stations is to provide
2 13 cost-share financial assistance to service stations
2 14 installing, replacing, or converting motor fuel storage and
2 15 dispensing infrastructure designed and used exclusively for E=
2 16 85 gasoline, biodiesel, or biodiesel blended fuel. The
2 17 purpose of the renewable fuel infrastructure program for

2 18 biodiesel terminal facilities is to provide cost=share
2 19 financial assistance to support infrastructure designed and
2 20 used exclusively to store and distribute biodiesel or
2 21 biodiesel blended fuel.
2 22 Code section 15G.110 creates a standing general fund
2 23 appropriation to the Iowa values fund of \$50 million for each
2 24 fiscal year beginning July 1, 2005, and ending June 30, 2015,
2 25 to support a number of entities, including the Iowa department
2 26 of economic development, which annually receives \$35 million
2 27 of that amount. A percentage of that amount is to be used for
2 28 a variety of purposes such as business start=ups, expansions,
2 29 modernization, attraction, retention, marketing, and research
2 30 and development.
2 31 The bill appropriates \$2 million from the Iowa values fund
2 32 for each fiscal year beginning July 1, 2006, and ending June
2 33 30, 2009, to the department of natural resources for deposit
2 34 into the renewable fuel infrastructure fund, and reduces the
2 35 same amount which would otherwise be allocated to the Iowa
3 1 department of economic development.
3 2 The bill takes effect only if the renewable fuel
3 3 infrastructure fund as established in H.F. 2735 is enacted.
